

NOMINEES

Members were advised the following positions were vacant;

- Treasurer
- General Committee

The Association has received and gratefully accepted the following nominations;

Treasurer: Samantha Morrissy (1995)

Sam Morrissy graduated from SHC in the class of 1995, and went on to complete a Bachelor of Commerce (Accounting) degree. Following university, Sam worked in Public Practice accounting in a number of boutique firms across the Geelong and Ballarat regions. She continued her studies and completed the CPA Program allowing her to move into Senior Finance, Budgeting and Management roles within the Tertiary sector, whilst continuing to manage her own small accounting business. Sam returned to Geelong after living in Brisbane, this allowed Sam to reconnect with SHC and her daughter Montana graduating in the class of 2018. On her return, Sam sought a career change with a community based focus and has progressed through a number of management positions with the Department of Justice and Community Safety. Sam is currently employed as a Corporate Services Manager and is a member of the Executive Leadership Team at the Melbourne Assessment Prison. Sam is currently completing a Masters of Business Administration with Deakin University.

Sam is excited about the opportunity at continuing her link to the SHC community and is very proud member of the SHC Alumni. Forever grateful for the inspiring education and lifelong friendships and connections gained from SHC.

General Committee: Stephanie Reynolds (2003)

Steph Reynolds is from the class of 2003. After graduating, Steph went on to study a Bachelor of Public Relations at Deakin University. For the past 11 years Steph has worked for Australian Red Cross Lifeblood within Marketing and Partnership roles. Steph was exposed to Lifeblood many years beforehand when she was introduced to blood donation at Sacred Heart as a part of community service. The values of giving back and supporting those in need instilled in Steph at Sacred Heart, play a huge part in her passion for her work today.

By far her biggest achievement so far are her two young sons, Jed and Alfie.

Steph is a past President of the Alumni Association and is proud to be back as a Committee Member and is looking forward to what we can achieve for the Alumni and the College in the year ahead.
